MOOSE 'CARLIFT' PLAN WILL BE OPERATED HERE

The Gettysburg Moose lodge today offered to drive to church Easter Sunday anyone who because of illness, disability, or other cause might be unable to attend the church of their choice on Easter because of lack of transportation.

Robert S. Neary, civic affairs chairman of the local Moose lodge, and J. Russell Mummert, governor of the lodge, in announcing the offer said it was part of a nationwide "Operation Easter Carlift" inaugurated by the national Moose Civic Affairs department.

Nationally approximately 20,000 cars will be placed at the disposal of those needing transportation to church Easter. Locally, Neary and Mummert said, "we will provide as many cars as are needed at the time they are needed and where they are needed."

Ask Requests By Saturday Noon
Mummert and Neary are contacting clergymen throughout the town to determine how many parishioners may require transportation and to inform them of the service needed.

At the same time they asked anyone who may desire a ride to and from church on Easter Sunday to contact Charles L. Lauver, secretary of the local Moose lodge, either by letter, or by telephoning him at the lodge, Gettysburg 1107. They asked that all requests be made by 12 noon Saturday to permit arrangements for the transportation to be made.

The calls can be made at any time except from 12 to 3 on Good Friday afternoon when the lodge will be closed.

Mummert and Neary said if the service proves a success the lodge will probably also hold a similar program for Christmas and "possibly other Sundays of the year."

Mummert said: "If the service can help people to come closer to God, it will be well worth the effort."

JACKSON RITES WEDNESDAY AT 2

Funeral services for Russell Jackson, 47, proprietor for the last five years of the Bronze Inn, 256 S. Washington St., who died suddenly Saturday morning at 9 o'clock, will be held Wednesday afternoon at 2 o'clock at the Bender Funeral Home.

The services will be conducted by the Rev. Robert W. Roberts, pastor of AME Zion Church. Interment will be made in Lincoln Cemetery here. Friends may visit the funeral home Tuesday evening after 7 o'clock.

Mr. Jackson had suffered from a heart condition for two years. A coronary occlusion caused death.

The deceased was a native of Port Huron, Mich., and was a son of Edward Jackson of Port Huron and the late Gertrude Jackson. He had lived in Gettysburg for the last five years and operated the Bronze Inn during that time.

Surviving are his widow, Frances (Roberts) Jackson, to whom he had been married for 11 years; a daughter, Brenda Ann, at home, and several half brothers and half sisters.

COUPLE MARKS 60TH WEDDING DAY ON SUNDAY

Members of four generations gathered Sunday at The Willows, four miles north of here on the Harrisburg Rd., to help Mr. and Mrs. John D. Wolff of Stone Jug celebrate their 60th wedding anniversary which they reached today.

The couple's three children and their families attended the anniversary dinner. Four grandchildren and two great-grandchildren were also present. Unable to attend were four other grandchildren and two more great-grandchildren.

With 18 inches of snow on the ground, the couple was married at 6 p.m. on April 12, 1894, in the Lutheran parsonage at Bendersville by the Rev. John M. Rice, then pastor of the Bendersville church who was also an author and later a missionary to Africa.

At Present Home Since '00
Before her marriage Mrs. Wolff was Minnie Blocher, daughter of the late Mr. and Mrs. Oliver Blocher of near Table Rock. Mr. Wolff is a son of the late Mr. and Mrs. Isaac Wolff of Stone Jug.

The couple lived near Table Rock for several years after their marriage and in 1900 moved to their present home where they have since resided. Mr. Wolff has been a well driller, thresherman, for 10 years a foreman for the C. H. Musselman Company at Biglerville, a carpenter and builder and now is a farmer operating this own 40-acre farm in Straban Twp.

Mr. Wolff is 80 and Mrs. Wolff 86. Both are in fair health.

Those present for the anniversary dinner included in addition to Mr. and Mrs. Wolff: Mr. and Mrs. Dewey Wolff, Table Rock; Mrs. Donald Peters, Gettysburg; Mr. and Mrs. Charles Breighner and son, Gary, Biglerville R. 1; Mr. and Mrs. Robert D. Fidler and daughter, Dorothy, Gettysburg; Mr. and Mrs. John Breighner and children, Sandra and Jackie, York Springs; Dewey Wolff, Mrs. Charles Breighner and Mrs. Fidler are the children of the celebrating couple.

The color scheme for table decorations was orchid and white. Cut flowers decorated the long table and there was a three-tier wedding cake.

DEMONSTRATION ON SPITTLE BUG

With the spittle bug emerging in the southern part of the county, County Agricultural Agent Frank S. Zettie today announced plans for a spittle bug control demonstration Wednesday afternoon at 2 o'clock at the farm of Howard Waybright, Gettysburg R. 1.

Similar demonstrations will be held next week in the northern part of the county. The insect, Zettie said, may reduce hay yields up to 50 per cent. Those wishing to spray may use, per acre, in high pressure sprayers, two pounds of benzene hexachloride, 10 to 12 per cent gamma isomer wettable power, or three pounds of 40 per cent toxaphene. In emulsion concentrates, for use in either high pressure or low pressure sprayers, one quart of benzene hexachloride, 10 per cent gamma isomer, one quart of 60 per cent toxaphene or two quarts of a 25 per cent Methoxychor. As a dust, 30 pounds of one per cent gamma isomer, benzene hexachloride or 30 pounds of five per cent toxaphene may be used.

After use sprayers should be cleaned by running a quart of ammonia in 50 gallons of water through the sprayer, leaving part of the ammonia solution to remain in the sprayer overnight, Zettie said.

Here And There
News Collected At Random

A two-cent United States railroad stamp issued in 1901 is now worth \$2,500 to \$3,000 because the train it pictures is running upside down. This prized possession of a few fortunate owners is one of a series of six stamps issued to commemorate the Pan-American Exposition held in Buffalo in 1901. The two-cent shows an express train traveling at full speed, the picture having been engraved from a photograph of the New York Central's "Empire State Express" taken while the train was high-balling at sixty miles per hour.

The stamps were printed in two colors, black on a carmine frame, on small hand-fed presses and it was understandable that a few of the sheets were turned in the wrong direction on their second trip through the press. Only a few of them, however, reached the public.

If all the railroad bridges in the United States were laid end to end, a train could cross the continent from New York to San Francisco without touching.

111 SPOTTERS TO MAKE BUS TRIP TO BALTIMORE

One-hundred and eleven members of the Adams County volunteer Ground Observation Corps have registered for a bus tour to the Baltimore Filter Center, Sunday, April 25. Crosby N. Hartzell, county aircraft spotter chief, announced today.

Residents of towns not having a spotter station will be eligible for bus accommodation upon request by 25 or more persons with the Ground Observation Corps. Free bus service will be furnished to such towns. Groups will depart at 1 p.m.

Hartzell said Adams residents may accompany the Observation Corps to Baltimore by contacting any member of the spotter organization. Fairfield residents are asked to contact Stanley Pumphrey or Mrs. David Sanders.

32 OF 98 HERE

Hartzell also announced that spotter schedules projected several months in advance have been sent to all county observers and that the lists will no longer appear in the daily newspaper. He said only the names of those "who have spotted" will appear in The Gettysburg Times.

Last week, 32 out of 98 observers went on duty at the Gettysburg air warning station. These included: Mr. and Mrs. Robert P. Snyder, Mrs. P. Noble, Mrs. Robert Portenbaugh, Richard Lighter, Mrs. Ross Myers, Mrs. D. C. Sheely, Rev. Herman

Mrs. Jenkins and her year-old baby were admitted as patients at a Miami hospital. Mr. Jenkins and his two other children were not injured. The car was dragged 200 feet by the impact and was damaged beyond repair.

Romania Releases Two Boys Held As Hostages To Force Father To Spy For Reds; Reunited In Munich

WASHINGTON (AP)—The State Department said today Romania has released two young Georgescu boys—once held as hostages in an effort to force their father to spy for the Communists.

The boys, Constantin, 20, and Peter, 14, have been flown to West Germany and have been reunited with their father in Munich.

Their father is Valeriu Georgescu, a naturalized American of Romanian descent who lives in New York.

Spy Deal Rejected

He charged last May that a member of the Romanian legation here offered to help release the sons if he spied for the Communists.

Georgescu, former manager of Standard Oil Co. of New Jersey properties in Romania, rejected the deal.

The State Department, as a result, ordered the Romanian diplomat, Christache Zambeti, to leave the country. Zambeti left, protesting he had been framed.

CHILD WELFARE INVITES PUBLIC TO MAY 4 DINNER

More than 400 invitations have gone out for the 15th anniversary dinner of the Adams County Child Welfare Services to be held Tuesday evening, May 4, at 6:30 o'clock at St. James Lutheran Church here.

At the same time, a general invitation was issued to all who are interested. Reservations must be made by April 24.

Highlighting the anniversary program will be a talk by Anna Perrott Rose Wright, author of the book "Room for One More." A Warner Brothers film version of the book by the same name has been made starring Carey Grant and Betsy Drake.

Announced as "the most prominent foster mother in the country today," Mrs. Wright will tell of life in her family with three children of her own in addition to the foster children she and her husband took in.

The Child Welfare Service is inviting all persons who have previously served the organization as staff members, board members, county commissioners, foster parents, Department of Welfare officials and organizations who have taken an interest in the work among foster children here.

The letters of invitation went out over the signature of Dean Stover, Littlestown, president of the Citizens' Advisory Board of the Child Welfare services. Mrs. A. W. Butterfield is chairman of the committee on arrangements for the anniversary affair.

At Holy Communion service, Friday evening, at 7:30 o'clock, new members will be received by letter of transfer, adult confirmation, and profession of faith.

LT. ECKENRODE RESCUES CHILD

Lt. John P. Eckenrode, grandson of Mrs. Nora Twomey, 520 York St., leaped fully clothed into a Texas stream March 30 to rescue a three-year-old child.

According to an account in a Houston, Texas, newspaper, Robert Edward Harper, 3, his brother, aged six, and two other youngsters, aged five and three, went "looking for gold." They were walking on a railroad trestle, 30 feet above a stream, when a train bore down on them.

Lt. Eckenrode, stationed at Ellington Air Force Base, Texas, driving on a road near the trestle, saw the other children fleeing the trestle while three-year-old Robert, apparently too frightened to move, stood waiting the oncoming engine.

While the train came to a halt, Lt. Eckenrode stopped his car and ran to the scene. The train, almost stopped, nudged the child and he fell the 30 feet into the stream. Lt. Eckenrode leaped into the water and dragged Robert to safety.

Examination by doctors at two hospitals failed to find any injuries and Robert was released to his parents.

Lt. Eckenrode is the son of James Eckenrode, formerly of W. High St.

Mild Weather, Many Tourists Come Here

Springlike weather and the tourist trade arrived simultaneously in Gettysburg over the week-end as National Cemetery Superintendent John W. Riddle reported a season high of 4,543 visitors, Saturday and Sunday.

Riddle said 1,848 in addition to 297 persons in nine buses for a total of 2,145 toured the Battlefield and Cemetery, Saturday. Despite light showers, 2,398 tourists were counted on Sunday. This figure included 130 persons in four buses.

TWO MEMORIAL GIFTS USED BY PRESBYTERIANS

Two memorial gifts were used for the first time at the Palm Sunday morning service in the Presbyterian Church when the sacrament of Holy Communion was observed and new members were received into the church.

A complete new silver communion service, presented by Franklin R. Bigham in memory of his wife, Leonora Groves Bigham, was used at the service when more than 280 persons took communion. Mrs. Bigham, who was an active member of the Communion Committee of the church for a number of years, died October 16.

A large pulpit Bible, presented by Mrs. O. H. Benson in memory of Mr. Benson, who was an elder in the local congregation, also was placed in use Sunday.

11 Join Church

Six members were received on confession of faith at the Palm Sunday service. They are Mary Alice Johns, Carolyn Ketterman, Nancy Wolff, John Heweston, Philip Scott and John Stitt. On letter of transfer from other churches, Mr. and Mrs. Don Cordell, Sue Carol Geigley and Mrs. Rodger Smith were received into membership.

There were two anthems by the choir under the direction of Philip B. McGuire, organist and choir director. The first was "Gloria" by Mozart and the offertory anthem was "Lament and Weep" a 17th Century German selection.

The service was conducted by the pastor, the Rev. Clyde R. Brown, with 326 in attendance.

Condemned Killer Is Slain While Fleeing 'Death House'

TRENTON, N.J. (AP)—Authorities today sought to fix blame for the remarkable escape from Trenton State Prison's death row of a condemned killer who later was shot to death by a tower guard.

Two other condemned slayers helped John L. Vaszorich in his Saturday night break—the first from the prison death house in 32 years. But the 24-year-old prisoner was cut down by submachine gun bullets before he could reach the 30-foot walls to freedom.

Vaszorich was scheduled to be electrocuted the week of April 25 for a 1951 robbery slaying. He died early yesterday with three 45 caliber submachine gun bullets in his body.

TWO SALESMEN CHARGED WITH FALSE PRETENSE

State police, who filed charges of false pretense against two men in connection with the sale of linoleum asked others in the county who may have been sold linoleum by the pair to notify them at once.

The appeal was made because police believe others may have been involved other than the couple on whose complaint the information against the "salesmen" was filed before Justice of the Peace John H. Bashore.

State police said two men called at the home of Ivan Arentz, Littlestown R. 2, March 23, and represented themselves as the workmen who had placed linoleum in a Littlestown restaurant. They "sold" Mrs. Arentz a quantity of linoleum for \$75.

Inferior Quality
Police said the quantity of linoleum was less than the amount bought and that instead of inlaid linoleum, it was an "inferior" enamel coated, fiber backed product.

As a result, police charged William S. Seligman, 38, Pittsburgh, and Louis Cornman, 30, Baltimore, alleged to be the "salesmen," with the false pretense charge.

Both men are said to be in the Franklin County jail on similar charges filed by state police in Chambersburg.

Police ask others who may have been "victimized" by the men to report to them as soon as possible.

WILL LECTURE HERE TUESDAY

"The method of healing disease by prayer to God, set forth in the Bible and interpreted according to the teachings of Christian Science," will be the subject of a lecture by Arthur C. Whitney of Carmel, Calif., Tuesday evening at 8 o'clock in the court house sponsored by the Christian Science Society of Gettysburg.

Formerly an Army chaplain and now a member of The Christian Science Board of Lectureship, Mr. Whitney is on an extended lecture tour. His subject will be "How Divine Love Heals in Christian Science."

Mr. Whitney served as chaplain with a front-line outfit during the 1918 Allied offensive in Belgium. He had been educated for machine designing, but nearly lost his sight, "and then was healed by Christian Science treatment. This led him to study the subject more deeply, and subsequently he entered the practice of Christian Science healing, in which he has since engaged."

He has lectured in the United States, Canada, Great Britain, and in Europe.

DUFF WANTS PACT TO VOID COBALT BOMB

PITTSBURGH (AP) — Sen. James H. Duff (R-Pa.) urges international agreements to outlaw such weapons as the cobalt bomb which he says is capable of devastating an entire continent in its radioactive aftermath.

Duff told some 1,000 civic, business and political leaders at the annual dinner of the Amen Corner during the weekend that:

"I am confident the American people will unanimously back the President of the United States in seeking an accord aimed at such a result. It therefore becomes up to the Soviet Union to determine whether we are going to have peace in the world or whether humanity is to destroy itself."

"Sen. Edward Martin (R-Pa.) said America's first line of defense against communism is a strong spiritual force and "spiritual hope for peace."

The Eisenhower administration is taking the right course in organizing the free world to halt the spread of communism in Indochina, said Sen. John S. Sherman (R-Ky.).

Sen. Thomas A. Burke (D-Ohio) criticized the administration for what he said has been its failure to develop a clear-cut policy in Southeast Asia.

ground. There are more than 191,000 of them, totaling almost 4,000 miles in length.

The real pioneers of the Panama Canal were the builders of the railroad across the isthmus. The men who envisioned a waterway linking the world's two largest oceans realized that a railroad would have to be built before a canal could be dug. The Panama Railroad Company, masterminded by John Lloyd Stevens, explorer, diplomat and writer, was organized in 1847 and began surveys for location of its line early in 1849. Construction through swamp and jungle, over mountain tops and across chasms, was so difficult and hazardous that the line's more than forty-seven miles were not completed until February, 1855.

The value of this short strip of rails cannot be overestimated. It increased commerce, facilitated passenger traffic and thus spurred the settlement of the West. Its successful completion stimulated confidence that a ship canal could be built. It was a proving ground for engineering problems. Years later, when digging of the canal began, the Panama Railway furnished the means of transporting machinery and materials needed for the mammoth project and, having served as a "school," pointed the way to overcoming many construction obstacles.

"TRY, TRY, AGAIN"

When you play a losing game in life ... don't sit around and cry ... but rather give it all you have ... at least give it a try ... remember the mistakes you made ... while striving for your glen ... so that you won't be captured by ... the same mistakes again ... look out for pitfalls on the way ... temptation's shiny gloss ... if you can recognize the ruts ... you'll profit by your loss ... in this way your experience ... in losing at a game ... will be a steady stepping stone ... to much greater acclaim ... it's hard I know to try again ... once you have felt defeat ... but if you should attain your goal ... the gain is twice as sweet ... for you not only won the game ... but you have proven too ... that nothing is impossible ... with faith and will to do.

Bless Palms At St. Aloysius

The blessing of palms took place in St. Aloysius church on Sunday, preceding the first mass, and palms were distributed to the members of the congregation at both masses. During the reading of the passion, according to St. Matthew, which is part of the liturgy of the Palm Sunday mass, both priests and people held a piece of palm in the right hand. The blessing itself includes prayers for the health of mind and body for those who dwell in houses where the palms are preserved.

Daily mass this week will begin at 8 a.m. Wednesday, the pastor, the Rev. Edward J. Shanahan, will hear confessions, from 3 to 3:30 p.m., and again at 7 p.m. There will be no services on Wednesday evening. Thursday, there will be a procession of the school children and the pastor with the Blessed Sacrament, at the conclusion of the mass, when the Blessed Sacrament will be placed in the Repository, to remain there until the Mass of the Pre-Sanctified on Friday morning. It is customary for the faithful to visit the Repository throughout the day. Thursday at 7:30 p.m., there will be services in honor of the Blessed Sacrament. Friday at 7:30 p.m., services will be in honor

of the Passion of Christ. The High mass on Easter Sunday will be the first mass at 7:30 a.m.

10 Are Confirmed

The Rev. William C. Karns, pastor of St. John's Lutheran Church, received ten young people into the communicant membership of the church through the rite of confirmation at the Palm Sunday worship service. The 1954 confirmation class was composed of Joyce Marie Barnes, Nevin Oliver Bowman, Ray Alvin Bowman, Marlene Naomi Crabbs, John Alvin Groft, John Larry Hawk, Nathan Ralph Hollinger, Mildred Irene Koontz, Donna Mae Reaver and Ralph Edgar Showmaker Jr.

A Palm Sunday message on the subject "Don't Be A Quitter" was presented by the Rev. Mr. Karns. The epistle lesson was read from Philippians 2:5-11 and the gospel lesson from Matthew 21:1-9. A special anthem was sung by the Senior Choir, accompanied by Mrs. Jay D. Basehoar, church organist. The altar flowers were presented by Mr. and Mrs. Edwin L. Harget in honor of the 50th wedding anniversary of Mr. Harget's parents, Mr. and Mrs. Clayton L. Harget. A basket of flowers was placed by Mr. and Mrs. Clarence Dehoff in honor of the birthday anniversary of the latter's mother, Mrs. W. E. Stites.

New 161-horsepower Mercury with ball-joint front wheel suspension gets top marks for performance, efficiency, economy and handling ease

"HOT AS STRAIGHT

Tom McCahill MECHANIX ILLUSTRATED

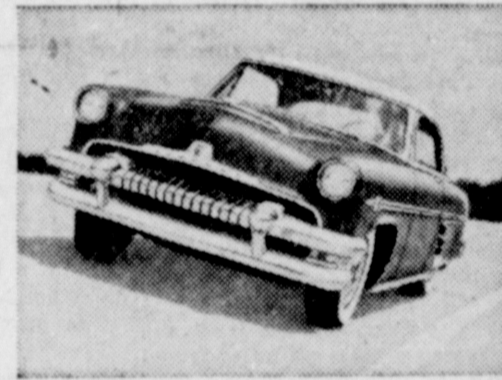

"The place where Mercury really shines this year, aside from its speed-over-the-ground performance, is in its handling and roadability ... and what a difference ball-joint suspension makes!

"The guy who buys a '54 Merc will be getting a really new car, not a warmed-over old one. Some of Merc's competitors are ... overdue for a change. When these changes come, the buyer of these competitors will be as out-of-date as an Indian-head penny."

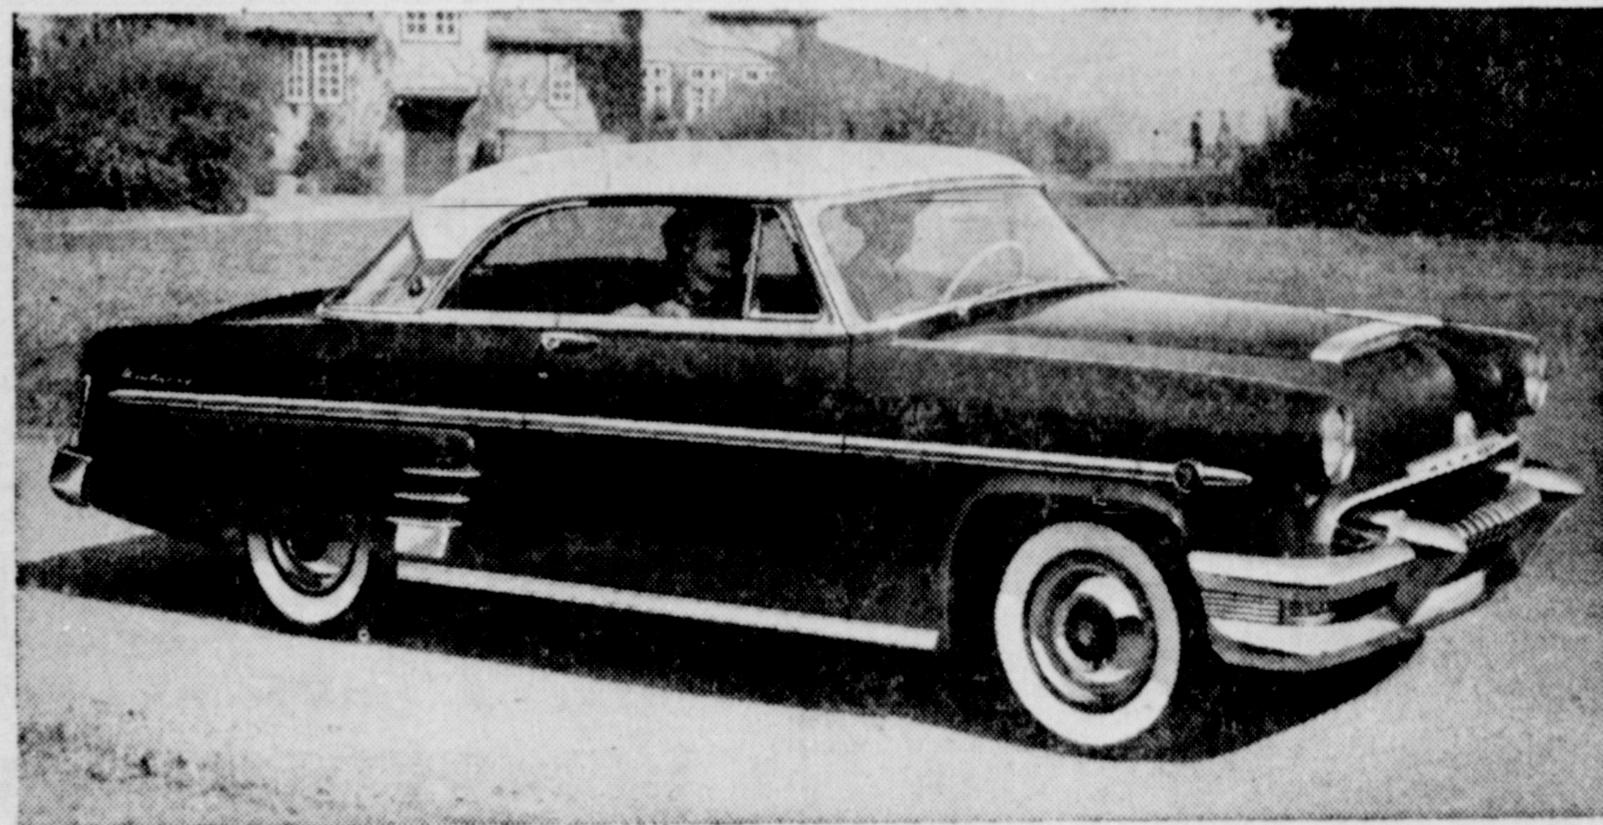

"161-HP PUSH, BUT DRINKS
NO MORE GAS THAN BEFORE"
Wilbur Shaw POPULAR SCIENCE MONTHLY

Read these quotes from Wilbur Shaw, President of the Indianapolis Speedway. "Three years ago a Mercury engineer told us that the men in his department would never be satisfied until they designed an engine that ate up a lot less of its own power. Well, they've done it!" "When I drove the car on the test track in Dearborn, Mich., and again on the Indianapolis Motor Speedway, I was struck by the smoothness of the power pick-up as the accelerator went down."

"THIS CAR IS A KNOCKOUT!
... AND REAL EASY TO DRIVE!"
Walt Woron—Don MacDonald MOTOR TREND

"You'll like the 1954 Mercury, if you like power that'll make you sit back in your seat when you stomp the throttle. "If there is no other reason for the increase in horsepower (now 161) the added acceleration for passing is enough. "Lincoln-type ball-and-socket joints on Mercury's front wheels eliminate familiar kingpin, reduce front end vibration, and cut the number of forward grease fittings from 16 to four."

Fire! The barn on the farm of David Morrison, Esq., 3 miles from Emmitsburg, was destroyed by fire on Thursday night. Among the property consumed in the barn, were four valuable horses, nine head of cattle, wagons, and a large amount of farming utensils, belonging to Mr. Wilhide, who resided on the premises.

SEVENTY-FIVE YEARS AGO
Death of George Swope: George Swope, Esq., president of the Gettysburg Bank, died at his residence in this place on Tuesday evening in the 79th year of his age. He was for many years a leading and consistent member of St. James Lutheran Church and died in the consolations of the religion he professed.

He was born in Hanover in 1801. He came to Gettysburg to attend school in the old academy. Subsequently became clerk in the dry goods store of Clark Evans who did business where the Globe Inn now stands and afterwards opened a dry goods store for himself in 1825, in corner of diamond and Chambersburg St. and afterwards in the three-story building on Baltimore St., now occupied by D. A. Buehler. During this period he married Margaret, only daughter of the late George Smyser. Mrs. Swope died in 1869. Mr. Swope kept store in Hanover for three years and then returned to Gettysburg and the residence of his father-in-law in the building, which he occupied until his death.

After his return to Gettysburg he led a quiet life, largely devoted to financial operations, acquiring a wide-spread reputation as a skillful and successful financier and amassing a large fortune. His advice and counsel were frequently sought. He had been connected with the Gettysburg Railroad Company, Water Company, Turnpike Companies, Gettysburg Bank and Adams County Mutual Fire Insurance Company. He held the presidency of the bank for the last 30 years and that of the fire company since its organization in 1851.

The funeral took place from the late residence Friday at 1 o'clock, p.m.

Personal.—Rev. Mr. Demarest, pastor of the Presbyterian Church in this place, has returned and on Sunday occupied the pulpit. The congregation gave him six months vacation because of poor health. He returns with health entirely restored.

Today's Talk

By GEORGE MATTHEW ADAMS

YOU CAN!

He can who thinks he can! This is one of the truest, and most valuable, rules with which to start any career. Think of your mind as a garden. In it plant, lavishly, seeds that we will call desires. Desires are the ultimate in a successful life experience. If we don't want to do a certain thing, the chances are that we will not do it, and so we will have a loss to mark against us.

With wise desires planted in our minds we can well hope for many an achievement. One of the most inspiring characters in all world history was Thomas A. Edison. His brain was planted with desires so thick that he early became known as a "Wizard." But he cultivated each desire and brought it to full fruition!

Edison did the chore work on an idea, proved its merit and then passed it on to others to market. Then he took up another desire and gave it life. Every idea he touched seemed to spring into life, so that he was continually inventing something new to add to the comfort and happiness of the entire world. To him the world owes its light and an endless number of useful creations.

The will to do is what keeps us inspired to do more and better things each day of our lives. When the late Henry Ford conceived the idea of an eight-cylinder engine to be cast in one block, he turned the idea over to a group of his engineers and told them to make it. These men kept telling him that it couldn't be done, but Ford kept telling them to do it anyway. And so finally it was done!

The best silent partner anyone of us can have is the one that whispers to us these two words—YOU CAN! Edison once said that the secret of success was "the ability to stick to things." And it has proved to be, in thousands of instances. He can who thinks he can.

Tomorrow Mr. Adams will talk on the subject: "So You Want to Be a Writer!"

Just Folks

WRECKERS
I watched them tearing a building down—

A gang of men in a busy town.

With a ho-heave-ho and a lusty yell

They swung a beam, and the side wall fell.

I asked the foreman: "Are these men skilled,
And the men you'd hire if you had to build?"

He gave a laugh and said: "No, indeed!
Just common labor is all I need.

"I can easily wreck in a day or two
What builders have taken a year to do."

And I thought to myself as I went my way:
Which of these roles have I tried to play?

Am I a builder who works with care
Measuring life by the rule and square?

Am I shaping my deeds to a well made plan,
Patiently doing the best I can?

Or, am I a wrecker who walks the town
Content with the labor of tearing down?

SCRIBE SEES NO MEDICAL CURE FOR HANGOVER

By HAL BOYLE

NEW YORK (P)—For some years a group of scholar scientists at Yale University has been studying the problem of what people do to alcohol (and vice versa), and now they are investigating hangovers.

Behind this probe is a merciful idea—the wish to find a cure for hangovers.

It can't be done, Frank Merriwell was unable to find a hangover remedy during the period when he made Yale famous. Tom Swift and the Rover Boys, I have heard, spent their adult years in quest of an electric or atomic answer to the hangover, and found no answer.

Even Toots Shor, the restaurant owner who collects the more interesting hangovers of his clients and pastes them in his memory book as a hobby, can recommend no morning after remedy better than "bloody mary," which is vodka tinted pink with tomato juice. Very popular with advertising men.

"Postponed Punishment"

But taking another drink, the return to "the hair of the dog that bit you," cannot be classified as either a cure or a remedy for a hangover. It can only be regarded as the postponement of a felony, and the postponement of a just punishment.

There are two reasons why they will never find a real medical cure for a hangover.

First, they started too late: They don't have the material to work on. The 24-karat genuine, double-throb vibrating hangover is a thing of the past. It went out with prohibition. The present day hangover is just a hangover phrase from the heyday of the real hangover. There were giants in the old days. There aren't any now. No one alive today that I know of could sustain the kind of hangovers the old-timers reminisce about.

Time Is Only Cure
Second, it is against nature that there should be any cure for a hangover except time and the acceptance of common sense.

Pleasure pursued too far must always be followed by pain, the penalty for foolishness. This is the iron law of living—that stupidity must pay its price.

Scientists are still puzzled over what a hangover really is. They seek a physical explanation to describe a rebellion of the soul.

A hangover is only partly a suffering of the body; it is even more a suffering of the spirit, hag-ridden by guilt, fear, and self-accusations for the sin of self-indulgence. In a hangover the mind harries the body as much as the body harries the mind. A hangover is a form of self-hate; it is the facing of one's

New Building Association: There being some changes in the laws relating to Building Associations since the one now in operation was organized, it was determined to organize under the new law. On Monday night a meeting of the subscribers to the stock was called in the Court House and Dr. J. L. Hill called to the chair. It was determined to call the new association the "Gettysburg Building and Loan Association," and to go into operation on the first Saturday of May. The election for officers resulted as follows:

President—E. G. Fahnestock; vice president—W. A. Duncan; secretary—Rufus E. Culp; treasurer—John Culp of M.; managers—W. T. Ziegler, J. M. Krauth, J. D. Kendrick, J. J. Myers (J. W. C. O'Neal).

Messrs. E. G. Fahnestock, W. A. Duncan and D. A. Buehler were appointed a committee to prepare by-laws.

Cite Worst Spot On State Turnpike

HARRISBURG (P)—A Pennsylvania Turnpike Commission safety report pinpointed the portion of the superhighway between the Reading and Lebanon-Lancaster interchanges as the most dangerous on the eastern section of the toll road last year.

The report showed that an accident rate of 12.4 per one million vehicle miles traveled occurred in 1953.

The 18.6-mile stretch compared unfavorably with the .99 per million mile average on the turnpike section between the Downingtown and Valley Forge interchanges. This 10.4 mile stretch had the best record last year on the eastern section of the highway.

The average accident rate on the eastern section in 1953 was 1.12 per million miles, the commission records showed, marking a decrease from the 1.36 ratio of 1952.

Accidents last year in the more mountainous western section ran as high as 2.3 per million miles.

The report figures showed an improvement for 1952 over the eastern section, last year there being 1,639 accidents on the 327-mile road compared to 1,832 in 1952.

Of the two-year old stakes winners in the United States during 1953, only two horses completed their season undefeated. Mrs. John D. Hertz' Double Speed was the winner of his four starts and J. W. Rodgers' Duc de Fer was unbeaten in three starts.

self in an interior mirror—and the shock of recognizing the image. The shock must last until one can look back into the mirror and see a fairer image, and this takes time.

Science would be better to look for a magic capsule to prevent stupidity rather than seek for a pill to cure hangovers. The hangover is nature's built-in barrier to protect a man from his own further foolishness.

It is an alarm clock of the conscience and the body, and anyone who finds a way to turn off that alarm clock is no real friend of the race of man.

1 PITTSBURGH STORE SIGNED TO UNION CONTRACT

PITTSBURGH (P)—A three-man federal mediation panel prepared to step into Pittsburgh's 137-day-old department store strike today on the heels of a contract settlement with a non-striking store which a union leader called "extremely significant."

The settlement was between Boggs & Buhl, North Side department store, and AFL Building Service Employees Local 29, one of 12 AFL unions striking the city's five major department stores.

Employees get a three-cent hourly pay increase, retroactive to Nov. 1. Old wage rates were not disclosed. The agreement also sets up a five-day week.

Charles C. Levey, international vice president of the Service Employees Union, said that although Boggs & Buhl was not involved in the strike "we are hopeful this amicable agreement will pave the way for a similar peaceful settlement for our maintenance group in the struck stores."

Pact With Clerks
Boggs & Buhl also reached agreement with AFL Retail Clerks Local 1365, another of the unions striking the department stores. Terms were not disclosed but they were believed to be the same as those in the service employees agreement. Members of Local 1365 will meet tomorrow night to vote on the agreement.

In another development during the weekend, AFL General Teamsters Local 249 and Pittsburgh Deliveries, Inc., contract hauler for Sears, Roebuck & Co., signed a

"Skip" Fiscel Will Hurl For Lancaster

Marlin "Skip" Fiscel, son of Borough Officer and Mrs. Ralph Fiscel, Baltimore St., has been advanced to Lancaster of the Class B Piedmont Baseball League by the Philadelphia Athletics, it was revealed here today.

Fiscel, who graduated from Gettysburg High School last year, was signed by the Athletics following his graduation and was assigned to Hopkinsville, Ky., of the Class D Kitty League where he compiled a 10-8 pitching record with a 2.3 earned run average.

Since mid-March he has been engaged in spring practice for the farm clubs of the Athletics at Savannah, Ga. He expects to report at Lancaster on Friday.

LIST TURNPIKE INTERCHANGES

HARRISBURG (P)—Location of eight interchanges on the 110-mile northeastern extension of the Pennsylvania Turnpike was disclosed today in a banker's prospectus.

The prospectus, issued by Drexel and Co., said the interchanges would be located on Rt. 63, southwest of Souderton; Rt. 663, west of Quakertown; U.S. 22, west of Allentown; U.S. 209, near Palmyra and Lehigh; U.S. 940, near White Haven; U.S. 315, near Pittston; U.S. 11, south of Scranton, and U.S. 6 and 11, north of Scranton, near Clarks Summit.

J. E. Griner Co., Baltimore, consulting engineers to the Pennsylvania Turnpike Commission, said in the prospectus, issued in conjunction with the sale of a 233 million dollar bond issue, that the interchanges were chosen "to provide ample service" to the state highway system.

"The location of the interchange facilities on the northeastern extension were established on the basis of traffic requirements as determined from the origin and destination traffic studies," the prospectus said.

The northeastern link runs from Plymouth Meeting, near Norristown, to a point near Scranton.

FIRE DESTROYS TIMBER

WERTZVILLE, Pa. (P)—Several hundred acres of timberland lay wasted today from fire which raged for three hours Saturday over mountain slopes a few miles west of here.

The fire destroyed a half mile wide path of timber up the Cumberland County side of North Mountain and spread over the top into Perry County near Miller's Gap.

Fire Warden Lewis Jones, Shermansdale, said the blaze was believed to have started from a small brush fire.

Yankees And Dodgers Heavy Favorites As Major Leagues Prepare To Open Tomorrow

By JOE REICHLER

NEW YORK (AP)—Were the major league races decided last March when Boston's Ted Williams fractured his collarbone and Milwaukee's Bobby Thomson broke his ankle?

Can the Red Sox overcome the early absence of Williams, their star slugger and put an end to the New York Yankees' long reign in the American League? Can Cleveland finally do it after finishing second to the Yankees three straight seasons? How about Chicago?

Can the Braves continue their momentum and overtake the Dodgers despite the loss of Thomson, their hard-hitting outfielder, for at least another month? Maybe the St. Louis Cardinals or the New York Giants can do it?

Expect 200,000

How much will Enos Slaughter help the Yankees? Only seven weeks after astounding the baseball world by selling 35-year-old Vic Raschi to the Cardinals, the world champions pulled off another shocker late yesterday by acquiring the 38-year-old outfield star from the same club.

And what about Baltimore, which returned to the majors after 51 years to inherit the franchise of the St. Louis Browns? Will the Orioles give the same shot in the arm to the American League that the Braves gave to the National last year after they moved from Boston to Milwaukee?

All these answers will begin to take shape tomorrow when the major league baseball season gets underway in eight cities. Approximately 200,000 fans are expected to attend the openers. For the first time in years all openers will take place the same day and all games will be played in daylight.

The opening schedule, starting times and estimated attendance:

NATIONAL LEAGUE
Chicago at St. Louis, 2:30 p.m., 18,000.
Milwaukee at Cincinnati, 2:30 p.m., 30,000.
Philadelphia at Pittsburgh, 1:30 p.m., 20,000.
Brooklyn at New York, 1:30 p.m., 35,000.

AMERICAN LEAGUE
Baltimore at Detroit, 2:00 p.m., 30,000.
Cleveland at Chicago, 2:30 p.m., 30,000.
Boston at Philadelphia, 2:05 p.m., 20,000.
New York at Washington, 3:00 p.m., 30,000.

Old Champs Favored
Despite industrious efforts on the part of the 14 other clubs to strengthen themselves, the defending champion Yankees and Dodgers are prohibitive favorites to add to their laurels—the Yankees are even money to capture their sixth straight flag and the Dodgers are 7 to 10 to make it three in a row.

Practically every club has altered its "face" either through trades, purchases or advancement of their minor league players. The opening day lineups of the 16 teams will show a player turnover of 40 per cent. Five clubs have hired new managers, one fired his manager during spring training, another fired his pilot even though he won two straight pennants. Even the Yankees and Dodgers have either added or changed something.

President Eisenhower will throw out the first ball in Washington at 3 p.m. tomorrow before a capacity crowd of 30,000. Either right-hander Bob Porterfield or southpaw Chuck Stobbs will hurl for Washington against lefty Ed (Whitey) Ford of the Yankees.

Mel Parnell, who has beaten the Athletics 21 out of 26 times, will open for the Red Sox against little Bobby Shantz.

Southpaw Billy Pierce will oppose veteran right-hander Early Wynn in the Chicago-Cleveland inaugural.

In the Detroit-Baltimore opener neither manager is decided about his pitcher.

Bob Buhl, a hot pitcher all spring, will get the opening day shot for Milwaukee against Cincinnati's Bud Podbielan.

New Pirate Lineup
Pittsburgh, opening the season at home for the first time since 1893, will field a brand new team. Not one was in last season's opening day lineup. The Pirates pitch Bob Friend against Robin Roberts, the ace Philadelphia right-hander.

Carl Erskine will hurl for the Dodgers who oppose their bitter rivals, the New York Giants, at the Polo Grounds. Sal Maglie, a Brooklyn nemesis for years, will be on the hill for the New Yorkers. Harvey Haddix, the Cardinals' 20-game winner last year, will oppose Chicago's Paul Minner in a battle of lefthanders at St. Louis.

MOUNT SPLITS DOUBLEHEADER WITH H-S NINE

Mt. St. Mary's College and Hampden-Sydney divided a doubleheader Mason-Dixon Conference baseball program at Emmitsburg Saturday afternoon, the invaders winning the opening game 8-3 while the Mountaineers took the nightcap 3-1.

Ward Clarke hurled the first four and one-third innings of the opener for the Mount and gave up nine bases on balls and five hits. O'Haren relieved Clark in the fifth and yielded a lone homerun to Dean Tester in the final inning with two runners aboard.

The second game resolved itself into a fine pitchers battle between George Proferes of the Mountaineers and Belton of Hampden-Sydney. Each yielded six hits. Mt. St. Mary's clinched the game with three runs in the last of the second inning.

Today Towson will play at Emmitsburg.

COLLEGE BOXING COACHES SEEK TO 'SELL' SPORT BY TELEVISION

By MURRAY ROSE
STATE COLLEGE, Pa. (AP)—College boxing coaches are working on a plan to "sell" the public on their favorite sport through television.

The coaches are alarmed at the number of schools dropping boxing as a varsity sport and the dwindling attendance at meets in some parts of the country.

No more than 6,500 fans attended the four-session, three-day NCAA tournament, won by Wisconsin, at Penn State University last Thursday, Friday and Saturday although the college clouters put on a real good show with lots of action.

TV Dual Meets
Coach John J. Walsh of Wisconsin and coach Jim Owen of Louisiana State hope to line up a TV network to carry a series of dual meets every Saturday afternoon for about 10 weeks through next February and March, winding up with the NCAA championships.

It happens that Walsh and Owen don't have to worry about interest and attendances in their own schools. Wisconsin and LSU draw from 10,000 up for each of their dual meets.

"We'd like to see the sport thrive again everywhere," said lawyer-coach Walsh. "College boxing is a fine, clean sport. It teaches a boy how to take care of himself, builds self-confidence and teaches leadership and college boxing in one of the safest of all contact sports according to a recent four-year study taken at Wisconsin."

Badgers Cop 7th
Walsh's favored Badgers won their seventh NCAA team title with a narrow, 19-17 edge over Maryland's Eastern champions. Bobby Meath's decisive victory over San Jose State's Dick Bender in the 156 pound final gave Wisconsin the championship.

Maryland was the only school with two champs, Garry Garber in the 119 pound division and Vince Palumbo in the 132 pound class. Garber beat Wisconsin's Roy Kubyama and Palumbo whipped LSU's John Stiglets.

Rundown
Here's how the other champions won:
125 pounds: Seiji Naya, Hawaii, beat Bobby Freeman, LSU.
139 pounds: John Granger, Syracuse, beat Chuck Magestro, Wisconsin.
147 pounds: Herb Odom, Michigan State, beat Lynn Nichols, Idaho.
165 pounds: Gordon Gladson, Washington State, stopped Estol Nichols, Virginia, 1:30 of the third round.

178 pounds: Adam Kois, Penn State, beat Don Quarles, North Carolina A & I.

Heavyweight: Mike McMurry, Idaho State, beat Bob Hinds, Wisconsin.

Ronnie Miller Recipient Of Beachem Award Today; Athletes Receive Letters

Ronnie C. Miller, Harrisburg, a senior at Gettysburg College, was announced as the winner of the Charles W. Beachem athletic award during the assembly program at Gettysburg College this morning.

The trophy is presented annually to the senior class athlete who is selected for athletic achievement, commendable scholarship and Christian character.

Selection of Miller was made by a committee composed of the Rev. Edwerth E. Korte, chaplain; President Walter C. Langsam, Dean W. E. Tibberg and Henry T. Bream, head of the Physical Education Dept.

Miller, 21, graduated from William Penn High School, Harrisburg, and for the last three years starred as a guard on the Bullet football teams. He was selected to the first All-State team by the Associated Press last season. Miller was also a member of the varsity wrestling squad for three seasons and last month won the Middle Atlantic heavyweight title.

The Beachem award was inaugurated in 1937 following the sudden death of Charles M. Beachem, first alumni secretary of the college. It is presented by the Student Christian Association. Names of the winners are inscribed on a plaque in the SCA building.

Letters were awarded the following athletes by their coaches:

BROWNELL GOES TO HILL WITH NEW LAW PLANS

WASHINGTON (AP) — Atty. Gen. Brownell, with an appeal to the nation behind him, today, takes to Capitol Hill his program for new laws to destroy the Communist party in this country.

He arranged to meet with a House Judiciary subcommittee which is considering anti-Red legislation, in the wake of his nationwide radio-TV address undertaken Friday night at the request of President Eisenhower.

The attorney general then said the FBI, the Justice Department and the courts are doing a good job in dealing with the Red menace at home. But he declared new laws are needed "to destroy by legal, orderly processes the Communist party in this country."

Asks Death Penalty
He proposed statutes to:
1. Do away with Communist control "of any industrial organization or labor union" in vital sections of the nation's economy.
2. Impose the death penalty for peacetime spying as well as wartime, and erase the statute of limitations which now bans prosecution for espionage after a certain number of years.

THE Camera COLUMN

By Dave Garfinkle

Picking the right camera from the many types available is an important part of the photographer's task . . . but using that instrument effectively is just as important. For the moment, let's discuss some camera tricks that will help you take better pictures with any camera.

First of all, your camera's lens will make a sharp picture, as long as it's not chipped, scratched, dirty or loose in its mount. Examine it carefully. Test it for looseness. Next, blow your breath on it and polish it gently with a well-washed handkerchief, using a circular motion. Now examine the polish surface for tiny scratches or chipped areas. If your lens passes this test, forget it. Look elsewhere for the cause of any unsharp prints.

Most poor snapshots are caused by camera motion during the instant of exposure. There are two simple devices to correct this. If you must take a handheld exposure, use as high a shutter speed as possible under the light conditions. There is always some camera movement during a handheld exposure, so the higher the shutter speed, the less this movement will be seen in the final picture.

The other, and best, answer is firm support. This is where a good tripod comes in. If you don't have a tripod with you, rest the camera on any solid support handy, or kneel and rest it on your knee. And if you don't own a tripod, stop in and see the models we've got in stock. They're the sure way to steady pictures. DAVE'S PHOTO SUPPLY, 52 Chambersburg St., Gettysburg. Phone 83-W.

Strike Drunk Driving At Source Of Trouble

RALEIGH, N.C. (AP) — The North Carolina Motor Vehicles Department wants to put stickers on every bottle of liquor sold in state ABC stores, warning of the dangers in driving under the influence.

A sample sticker starts, "Would you place your life in the hands of a drinking driver? You do when you drink and drive."

The ABC Board promised to think it over.

SUZAN AND DICK ON HONEYMOON

SANTA BARBARA, Calif. (AP) — Suzan Ball and Dick Long, whose marriage climaxed Hollywood's latest love story, today start their honeymoon with a leisurely drive up the California coast.

The striking brunette actress, who lost her right leg to cancer in January, made one of the year's most beautiful brides as she and the young actor were wed yesterday at El Montecito Presbyterian Church.

The wedding was intensely dramatic, because everyone expected the bride to come down the aisle on crutches. But Suzan had vowed she would walk down the aisle unaided, and that she did.

Although she had practiced only six days with her artificial leg, she laid aside her crutches a few minutes before the ceremony.

Plucky Suzan declared: "I always knew I would get married without crutches, although no one else did."

ations which now bans prosecution for espionage after a certain number of years.

3. Take away the citizenship of any person found guilty of advocating violent overthrow of the government.

While both Republicans and Democrats in Congress applauded the general objectives in Brownell's report, it remained far from clear whether his requests for legislation would win passage in the form he wants—or whether they would get any action at all.

GEORGE FEARS UNBALANCE IN U. S. ARMAMENT

By JACK BELL

WASHINGTON (AP)—Sen. Russell (D-G) said today it would be foolish for Congress to place too much dependence on the hydrogen bomb and unbalance the nation's military strength by cutting funds for conventional weapons.

Similar doubts about overstrengthening the H-bomb were voiced by Sen. Anderson (D-NM) and AFL President George Meany.

Russell, senior Democrat on the Senate Armed Services Committee and a member of the Senate-House Atomic Energy Committee, said in an interview he is "uneasy" about the Eisenhower administration's proposal to reduce the ground forces.

He's Judgment Tells

Neither, he said, is he satisfied with the amount of funds Congress has been asked to make available for the Air Force.

But he conceded that scattered Democratic protests against a proposed slash of about five billion dollars in over-all military funds are not likely to be effective.

He said President Eisenhower's prestige as a military man probably will defeat efforts to change budget figures.

Eisenhower has told Congress that the "new look" military program of major reliance on air power and new weapons justifies a reduction in defense outlays. He said that while Army divisions might be reduced, they would be more mobile, harder hitting and more dangerous to an enemy.

SEN. GRISWOLD OF NEBRASKA DIES SUDDENLY

WASHINGTON (AP)—Sen. Dwight P. Griswold (R-Neb.), three times governor of his state and former director of the American aid mission to Greece, died early today after a heart attack. He was 60.

Death, attributed to a coronary occlusion, came shortly after midnight at the naval hospital at suburban Bethesda, Md. Mrs. Griswold was at the bedside.

Griswold had been in the Senate since January 1953. He was elected to fill out two years remaining in the term of the late Sen. Kenneth S. Wherry. He had not announced publicly whether he would seek reelection this fall but had told friends he expected to be a candidate.

Won't Affect Lineup

No change in the political lineup of the Senate is likely. The governor of Nebraska, Robert C. Crosby, is a Republican and presumably will appoint a Republican successor to serve until the November election.

The Senate composition is now 46 Republicans, 48 Democrats and 1 Independent. Griswold, although active in Republican political life for a quarter of a century, was named to several high positions in the Democratic administration of former President Truman. At the time of his appointment to head the Greek aid mission in June 1947, the White House said he had been selected because he was "a good man, forthright and an able administrator."

Big, Plump, Vigorous

He was elected to three two-

year terms as Nebraska governor in 1940, 1942 and 1944. While serving his third term, he unsuccessfully sought the Republican nomination for the U. S. Senate.

A big, plump, vigorous man, he listed fishing and hunting as among his favorite hobbies. He had played golf Saturday and again yesterday and attended an exhibition baseball game at Griffith Stadium yesterday afternoon.

HOLD PRIMARY ON TUESDAY IN ILL.; 1ST IN '54

By DOUGLAS B. CORNELL

CHICAGO (AP)—The first political struggle of 1954, a preliminary skirmish to pick candidates for the crucial November battle over control of Congress, reaches a show-

and the ground rules for the hearings.

Jenkins, a Republican trial lawyer from Knoxville, Tenn., advised the subcommittee in advance that he had another Tennessee lawyer in mind whom he would like to have as his top assistant.

Staff of 7 Or 8

The Memphis Commercial-Appeal said it had learned from informed sources that Jenkins' top assistant would be Thomas R. Pre-witt, 31, a Memphis attorney and a Democrat.

Altogether, Mundt said a special staff of seven or eight persons probably will be selected to handle the probe. Hearings are slated to start April 22, and Mundt predicted they are likely to run for 10 days, with morning and afternoon sessions each day.

Sen. McCarthy (R-Wis.) has stepped aside as chairman of the subcommittee while it probes the charges he and his chief counsel, Roy M. Cohn, have exchanged with Secretary of the Army Robert T. Stevens and Army counselor John G. Adams.

MUNDT, JENKINS MEET TODAY ON PROBE PLANS

By JOHN CHADWICK

WASHINGTON (AP)—Senate investigations subcommittee members set out today with their special counsel, Ray H. Jenkins, to draw up plans for their public, televised hearings on the McCarthy-Army row.

Sen. Mundt (R-SD), the acting chairman, asked members to meet in his office to confer with Jenkins about the selection of additional special staff employees and to start discussing the scope of the inquiry.

MAGSAYSAY IS ASKING TIME TO MAKE DECISION

By DON RUTH

MANILA (AP) — President Ramon Magsaysay called time out today in the face of an apparent choice between backing the United States in a warning to Red China to stay out of the Indochina war or splitting his troubled administration deeper.

Magsaysay has said Philippines security requires it to join "other free nations . . . in resisting Communist aggression in Southeast Asia."

However, the administration's foreign policy spokesman, Sen. Claro M. Recto, has said the question of which way Indochina goes is "none of the Philippines' business."

Seeks Conference

After a top policy meeting yesterday — with Recto excluded — Magsaysay said he will seek an immediate conference with the United States on the Indochina problem.

He did not say yes or no to the proposal of U. S. Secretary of State John Foster Dulles for a united front against Red domination of Indochina.

However, Vice President Carlos P. Garcia asked for a definite choice before Saturday, when he leaves for the Geneva conference on Korea and Indochina.

(Have you seen our Spring Fashion Show?)

You can't fool the ladies when it comes to styling.

From clothes and hemlines, to cars and color schemes—they insist on a fresh new look and a fresh new change—and anything else won't do.

So it's easy to see why the gals—bless 'em!—have been going for Buick in a great big way—going for the glamorous modernity of these new-day automobiles ever since the first public showing a few short months ago.

From the beginning, they've been going for the sleeker, longer, lower lines—the futuristic shaping of the new windshields—the stunning décor of the striking new fabrics—the clean simplicity of the new instrument panels.

But you ought to see how they go for the gay new car models in Buick's Spring Fashion Show! Fresh new Convertibles, Rivas and Estate Wagons never before available—and in gorgeous new summer colors never shown before!

And you ought to see how they go—as the men certainly do—for the

thrilling new V8 power, the buoyant new ride, the superb new control, and the almost effortless handling ease that are all part and parcel of every new 1954 Buick.

Why not visit our Spring Fashion Show and see for yourself the fresh new tomorrow that's here now—in today's Buick? Then we can show you the prices that make this beauty the buy of the year.

Total Mobilization Ordered By Viet Nam War Cabinet To War Against Commy Rebels

By JOHN RODERICK
SAIGON, Indochina (AP)—Viet Nam's new war Cabinet decreed total mobilization today of all its male citizens between 21 and 25 to fight the Communist-dominated Vietminh rebels.

Meeting for the first time since its creation Saturday by chief of state Bao Dai, Premier Prince Buu Loc and his two Cabinet ministers ordered the call-up by May 15. It was not immediately announced how many of the 13 to 15 million Vietnamese in the French-defended zones would be affected by the order.

It was the first time in the exhausting seven-year Indochina war that Viet Nam had called its young men in bulk into the armed forces. Previously the Vietnamese were drafted individually, evasions were

numerous and the French force of French, North Africans and Foreign Legionnaires has carried the brunt of the attack.

The mobilization followed a government decree Saturday incorporating into Viet Nam's 300,000-man national army the 32,000 tough fighting men who formerly paid allegiance to the Cao Dai and Hoa Hao religious sects and the Binh Xuyen party.

The Cabinet—Acting Defense Minister Le Thanh and Gen. Nguyen Van Hinh—chief of the general staff are the other members—the Cabinet also froze approximately 100,000 Vietnamese volunteers now on active duty with the young nation's armed forces. They were ordered to continue serving until further orders.

The Cabinet lifted most of the exemptions from military service "in order to carry out the principle of equal and universal military duty for each citizen."

Court-martial boards were ordered set up to deal with draft

dodgers and deserters. All citizens subject to military service were forbidden to leave the country.

Meanwhile, the French high command in Hanoi reported its troops at besieged Dien Bien Phu had smashed back another big rebel attack on the eastern fringes of the fortress.

The French said the rebels suffered "heavy losses" as the defenders charged repeatedly with bayonets, but admitted French losses were "severe."

The immediate objective of the rampaging Vietminh assault appeared again to be a 1,200-foot-high hill overlooking the French fortress and only five eights of a mile from its center. The French seized the strategic height from the rebels in a surprise offensive Saturday and held it against four earlier big Vietminh attacks.

The Vietminh, armed with sub-machineguns, rifles, pistols, grenades and plastic containers of high explosives, charged up the jungle-covered hill into the heavy fire of French troops firmly holding a long series of winding trenches.

The Vietminh gained the crest at one point. But the French bayonet charges beat them back and by 8 a.m. the fighting was finished, with the hill and all its system of Vietminh-built trenches still formed in French hands.

TRUCK DRIVER IS SOUGHT IN WOMAN'S DEATH

MILLEVILLE, N. J. (AP)—A police alarm was out today for the purported common-law husband of a 26-year old waitress whose body was found in a nearby woods.

The body of Mrs. Doris Neall was discovered yesterday. There were two bullet wounds in her shoulder. A .25 caliber pistol and a man's hat were found nearby.

Police said she had lived in Baltimore, where she worked as a tavern waitress, since leaving the South Jersey town of Cedarville three months ago.

Sought in connection with the woman's death was 27-year old truck driver George Lowers of Millville. Police said it was believed he was the father of the woman's 18-month old son, Dennis.

They said neighbors told them the couple lived in Cedarville for four or five years until shortly before Christmas, when they split up after a quarrel.

A fight over custody of the child might have something to do with the woman's death, police added. Apparently Mrs. Neall returned here to pick up the boy, who was staying with a family in nearby Carmel.

Ordered Driver To Leave
Police said Mrs. Neall apparently was shot Friday night. They quoted John Rogers, 29, of Baltimore, as saying he drove Mrs. Neall here to pick up the child.

Rogers told police a man in a truck stopped his car and ordered him to drive to the woods. Once there, he continued, the man, who carried a gun, pushed Mrs. Neall out of the car and ordered him to leave. Rogers telephoned police when he got back to Baltimore. He returned here yesterday to aid police.

A search of the woods was started yesterday, and the body of the

PHILADELPHIA (AP)—Dr. A. C. McGuinness, dean of the University of Pennsylvania's Graduate School of Medicine, will take over Aug. 1 as clinical consultant for 10 hospitals being built by the United Mine Workers' Welfare and Retirement Fund.

Dr. McGuinness yesterday announced his decision to leave his university position, which he has held since 1951. Previously, he had been director of the Children's Hospital of Philadelphia for 21 years.

CHAMBERSBURG, Pa. (AP)—A 22-year-old man shot and killed himself yesterday on the front lawn of his mother's Chambersburg R. 1 home.

State trooper Theodore Jones identified the man as Charles W. Harmon, a warehouse employee. Jones said the man shot himself in the head with a .25 caliber pistol.

Condemned

(Continued From Page 1)

Vaszorich made his break from the death house by overpowering Van Note. The prisoner, complaining of a headache, had asked the guard for aspirin Saturday evening.

As Van Note handed him two tablets, Vaszorich lunged at him and pinned the guard's arm against the bars.

Then the two other condemned killers—Silvio de Vita, 23, and Joseph Grillo, 24, both of Newark—pitched in to help Vaszorich. Authorities said De Vita, two cells away from Vaszorich, hooked a corner of a corridor desk with a mop he had in his cell. He pulled the desk to his cell and got a pair of pliers and a screwdriver from a drawer.

De Vita passed the tools to Grillo in the cell next to Vaszorich's.

Grillo in turn handed them to Vaszorich.

Apparently while he still was holding Van Note, Vaszorich picked his cell lock with the screwdriver. Then he bound the guard with strips torn from a bedsheet.

Van Note, after working himself free of his bonds, sounded the alarm.

is every bit as attractive as it is outside. The good sized entry hall contains a large coat closet in its back wall. An open archway in the left wall leads to the 17'6"x13'4" living room.

Most appealing features of the spacious living room are the lovely picture window in the front wall, and the handsome fireplace centered in the left wall. Bookshelves could easily be installed along the unbroken right wall.

Since there is no dining room proper in "The Poultryner," the living room must do double duty. Place your dining room set near to the back wall where it will be most accessible from the kitchen. If you desire, you can have a china cabinet built into the left back corner of the room; this will make a convenient storage place for your best china and glassware.

Measuring 9'x8", the breakfast nook is a room by itself; is large enough to serve as the family eating area all day through. Thus, you can save your dining area for more formal occasions.

One large window in the back wall brings plenty of light and air into the pleasant breakfast nook. Cabinets in both back corners provide ample storage area for your regular china. Drawers can be built under the cabinet proper to provide extra storage space for fresh table linen, etc.

Opening directly off the breakfast nook, the kitchen is a work center and is planned as such. The housewife is certain to like the position selected for the modern sink: right under the double windows in the back kitchen wall. Working counters, cupboards and cabinets extend along the back to the left and right walls.

More working counters, the stove and the refrigerator occupy the front wall of the 11'x9' kitchen. In the left wall, the door leads to the first floor laundry. Receiving adequate light and ventilation through one window in the wall, the laundry has doors leading to both the back yard and the garage.

There's plenty of regular and overhead storage space in the 20' by 12' garage. One window, in the left wall, provides ample light and ventilation for this one car garage.

Both bedrooms are located at the right end of "The Poultryner" and, along with the all-modern bath, are connected with the living section of the house by a central hallway. Opening on this hallway, just to the left of the living room door, is a good sized linen closet. Stairs to the full cement basement lead down from this hall just across from the linen closet.

In the good sized bathroom, which is lighted and ventilated by one window in its back wall, there is room for both a tub and a shower.

Measuring 12'6"x12', the back bedroom reaps the benefits of cross ventilation from one window in the right wall and another in the back wall. The closet in the front wall is large enough to hold the clothing of two people if this bedroom is shared.

If you want a safe storage spot for your precious woolen blankets and your family's fine woollens—a place where they'll be protected from the ravages of moths during the warm weather—convert that closet opening on the connecting hallway between the two bedrooms into a cedar closet.

Designed to serve as a master bedroom, the front bedroom is 13'6"x12'. This room, too, enjoys the benefit of cross ventilation; it has one window in the right wall and another in the front wall. There is a spacious closet in the back wall.

In the basement of "The Poultryner" the only required installation is the heating plant.

MORE TROOPERS FAVORED BY VFW

HARRISBURG (AP)—The Pennsylvania Veterans of Foreign Wars were on record today as favoring an increase in the number of troopers assigned to the state police force.

In a resolution passed yesterday at a meeting of the group's Council of Organization, it was proposed that the 1955 Legislature should be asked to put more men on the force and increase the pay of all grades and ranks.

"We will urge the 1955 Legislature to consider pay, duties, number and promotion of state police," said Elmer D. Christine, Monroe County district attorney and state VFW commander.

The veterans group also backed a plan to have "banished to an island those convicted of Communist activities."

"We will ask Congress to stop stalling and speed up enactment of measures that will prevent the spread of communism," Christine said in quoting the resolution.

To aid in accomplishing this end, Christine said, the state organization will ask Congress to make wire tapping evidence admissible as evidence in court and that the federal constitution be amended to make possible "convictions on charges of treason in peace time."

Placement Of Plant Food Gives Best Garden Yield

Plant food has done wonders for farmers in recent years, bringing infertile acres to top production and improving the soil through the roots and residues which remain to decay and increase the humus content.

Amateur gardeners who seek efficiency insist upon high fertility in their gardens, which permits them to reduce the cultivated area and the work of caring for it without decreasing production. Savings are also made in all garden supplies.

In small areas nothing can be saved by having the soil tested to determine its plant food needs. A balanced commercial plant food, containing all needed elements, if used in sufficient quantity will bring any average soil up to proper fertility.

One hundred pounds of plant food costs much less than a day's work by a hired garden helper; but it is worth several times as much in the increased yield, and the reduced labor which its use will bring.

Methods of applying commercial plant food to the soil which have been worked out by extensive research place a high value on what is known as the "placement" method.

It has been found that too much plant food, especially nitrogen, in the soil near the seed may delay sprouting, especially of tomatoes, cucumbers, radish and many flowers. It is not needed at first, since the seedlings are unable to use it until they have made true leaves. The "seed leaves," which develop first in most plants, do not perform digestive functions. Food should be nearby, however, because it is needed as soon as true leaves form. If plant food is mixed with the soil beneath the seed or to one side of it, at root level, separated from the seed by unfertilized soil, the roots will find it when they begin to grow and need it.

Another factor involved is the "fixation capacity" of the soil. Some soils lock up certain food elements, so that it may be difficult for the plant roots to obtain all of it. If fertilizer is concentrated as in the "placement" system the soil may lock up all it can hold and there will be plenty left for the plants.

The placement method which is believed to insure maximum effect from plant food at a minimum cost, on all soils including the poorest, is used as follows in the vegetable garden:

Prepare the soil by spading or plowing, rake it smooth, and decide on the layout of rows. Stretch the line which marks the first row. On each side of this line two or three inches away make a shallow trench with the corner of the hoe blade, say three inches deep. Then sprinkle plant food in these trenches, using two pounds per 100 feet of row, in each trench. Cover with soil, and proceed to make the seed drill and sow seed, midway between the fertilizer trenches.

Dulles Is Overworked But His Endurance Is Impressive; One Of Most Energetic U.S. Statesmen

WASHINGTON (AP) — If energy was the sole test, John Foster Dulles already would be one of the most successful secretaries of state in American history.

Now 66, and in office less than 15 months, he has traveled more than four times the distance around the earth in pursuit of American well-being since he became secretary.

Now he's on a rush trip to London and Paris to be sure he and the British and French foreign ministers see eye-to-eye when they meet with the Russians and Chinese Communists in Geneva April 26.

Judgement, Backbone Count

Then he will fly back here, report to President Eisenhower, and then turn around and fly to Geneva. Dulles' endurance has been impressive. Obviously, he's overworked.

But history, with icy detachment, will appraise him not on his energy or his earnestness but on his vision, his judgment and his backbone. All three face a major test at Geneva's conference on peace in Korea and Indochina.

More than peace in either place is involved. The Communists could consider the whole conference successful if they split the United States and France or, through

propaganda, diminished this country's stature a little.

Since last summer there has been a truce in Korea but no peace. And in the eight-year-old war between the French and the Communist-led Vietnam in Indochina there is no sign of either truce or peace.

Peace in Korea seems impossible. The United States wants Korea united in free elections which the South Korean government, an American ally, would be sure to win if only because the South Koreans outnumber the North Koreans. It's hard to see the Communists buying that.

Somehow, perhaps, they might be willing to stop helping the Vietnam against the French, which would mean a French victory. Even that sounds like wishful thinking. But if they did, there's a price tag attached. What price?

The Chinese may have thought they could make a deal for themselves when their Russian ally agreed to let them sit in at Geneva, their first invitation to a conference of the big powers.

The United States doesn't recognize the Red Chinese government, and it has opposed Peking's seating in the United Nations where Chiang Kai-shek's national-

ist regime sits as the recognized government of China.

The Chinese may have felt—but when anyone suggests this he's guessing—that for some concessions on Korea or Indochina they could get recognition by the United States and a seat in the U. N., replacing Chiang.

In a New York speech March 29 Dulles seemed to close the door on both possibilities, so far as this country is concerned. Even if he wanted to do business on those terms, he's under tremendous congressional pressure not to.

He's been very careful about listening to Congress. What then has he left for horse-trading with the Chinese at Geneva? Or is he only going there with demands that they make peace in Korea and Indochina on American terms?

He has called for "united action" among American allies in Indochina to help the French—apparently before he had discussed it with the allies.

If this is his bargaining point—a warning the Allies may jump into Indochina if the Chinese don't agree to help end the war—there it will work only if the Communists buy it. If not, the eventual result may be war.

YOUNG CONVICT CAUGHT AFTER TEN MINUTES

PHILADELPHIA (AP) — A 25-year-old prisoner of less than two weeks made a daring escape from County Prison here yesterday but was captured in 10 minutes aboard a crowded trolley car.

Prison guard Lt. John J. Clark, who made the capture, said Maurice Dixon escaped the prison by scaling a "red hot" boiler in the prison powerhouse where he was working. Dixon, Clark said, then climbed through a skylight onto the roof, jumped to the 25-foot wall. He then dropped to the street below.

Harold Sadowsky, 49, an employee of a municipal equipment plant opposite the prison, spotted Dixon leaving the prison and tipped Clark and guard William Jones that he thought the fugitive might try to board a trolley at a stop two blocks away.

Two trolleys were already moving away from the stop when the two guards arrived. They halted the vehicles. Clark made a search of the lead trolley while Jones watched the second. Clark said he found Dixon sitting in the trolley with his head down, trying to shield his face.

They took the prisoner back to

President Of U. S. Axle Company Dies

POTTSTOWN, Pa. (AP) — Funeral services will be held here Wednesday for George C. Lees, 73, president and general manager of the United States Axle Co. who died yesterday at Pottstown Hospital.

Lees, a native of England, founded the company in 1919. Lees, with Carey Potter, at one time manufactured an automobile engine known as the Hazard. Their company, the Potter-Mackie Co., became the North American Motor Co. and later disbanded.

Survivors include a daughter, Elizabeth Watson; three sisters, Mrs. Lillian West, Annie R. Lees and Alice Lees, all of New Bedford, Mass.; and a brother, John, of Newport, R.I. Lees' wife died about three years ago.

HELICOPTER SERVICE

PHILADELPHIA (AP) — The Keystone Helicopter Co. today started charter helicopter service from Philadelphia International Airport. Company President Peter Wright said the helicopter will be available "for hire like a taxi for comparatively short trips, or like a truck for longer periods."

The County Prison even while some 40 city police squad cars converged on the scene.

Dixon was convicted April 1 on charges of assault, aggravated assault and battery, and burglary.
